

***Let's inspire a multitude of Fairtrade Breakfasts***  
***Let's show solidarity with***  
***farmers and workers on whom we depend.***

The Fairtrade Foundation will add up all the individual Fairtrade Breakfasts eaten across the UK to show the government, businesses and consumers how strongly the UK believes the key Fairtrade Message.

**Sit down for breakfast, stand up for farmers!**

About 795 million people are undernourished globally.

Many of them grow food for us, yet can't always feed their own families.

Fairtrade means many are enabled to do so.

Show your support with a Fairtrade Breakfast in Macclesfield – and wake others up to the challenges facing farmers and workers.
